BANK OF COMMERCE HERE COMMENDS STUDENT EFFORT

The recently opened Haliburton branch of the Canadian Bank of Commerce has given prizes, not only to the producing staff, but for the three best written efforts in 'More Facts and Legends.' Bev Hicks won first prize for 'Ghost Island.' Roger Pockett, second, for 'Jumped Out of the Race.' Gina Garant and Susan Langstaff, third, for 'Interview with Mr. Clayton Rogers.'

Students from grades 9 to 12 in the four-year program in Haliburton Highlands Secondary School recorded reminiscences from local residents whose names are appended to each of thirty-one articles. These were typed, produced, collated and bound by the graduating Business and Commerce class. Fifteen hundred copies are now on sale through out villages in Haliburton. There will be copies available at the libraries and the Museum.

The popularity of last year's edition encouraged students to

search for more stories whose purpose, as Editor Sharon Voicey says, 'is to promote folk communication.' Haliburton residents and tourists will find this booklet entertaining and informative.

CONSTRUCTION DESIGNATION SIGNED

The Ministry of Transportation and Communications have informed R. Glen Hodgson, M.P.P., that a construction designation has been signed for part of County Road no. 4 starting at the Essonville junction with highway no. 121 and proceeding eastward past Esson Lake to about the former railroad crossing. Previous this section of road was designated for pre-engineering only. The agreement documents will be forwarded for County official signatures and Seal of the Provisional County of Haliburton.

Hydro Workers Still On Job Here

Local 1000 struck five of Ontario Hydro's thermal generating stations early this week. About 950 employees were withdrawn from the Hearn and Lakeview stations in Toronto, the J. Clark Keith station in Windsor, the Lambton station near Sarnia and the giant Pickering Nuclear Plant east of Toronto.

Together, these five stations represent about half the gener-

ating capacity of the Ontario Hydro network.

Hydro's Transmission and distribution systems were so far unaffected by direct strike action although supervisory personnel worked long hours last week to restore service after storms associated with Hurricane Agnes swept the Province.

'Management staff has been handling the majority of off-

hours trouble calls,' said Douglas Campbell Manager of Minden Area. 'In cases of clearly defined emergencies we have called on Union Members through their Stewards to help restore service to customers.'

The 12,000 member local 1000 Canadian Union of Public Employees has been in a legal strike position since June 21. The Union has withdrawn overtime and on-call duty as part of its strike action and has picketed work locations across the Province.

There has been no progress at the bargaining table since the Ministry of Labour temporarily suspended talks on the eve of the strike.

'When talks were suspended, CUPE was asking for improvements in wages and benefits which would add \$40 million to Hydro's annual operating cost,' said Mr. Campbell. 'The Commission's offer of wage and benefit improvements would total \$17,470,000 annually. Mr. Campbell said that the last contract agreement between the two parties had increased Hydro's annual operating costs by \$17,372,000.'

Here in Minden Mr. Campbell told the Progress that staff out of his office are on the job, and have only withdrawn from overtime and service calls.

SALUTE TO SENIOR CITIZENS

An excerpt from an address by the Honourable Rene Brunelle, Minister of Community and Social Services, when announcing Senior Citizens' Week said: 'While this will be a time to emphasize our respect for our citizens in retirement, it will also be a time to emphasize the need to change our attitudes toward the process of aging.'

Most people know very little about the aging process as it exists today. Our attitudes have not kept pace with medical achievements which have prolonged physical life. Many people do not know how to cope with 10, 15 or 20 years of leisure time.

We want to prove to people that 'Living is Ageless'; that there is no limit to a person's capacity to enjoy life to the fullest; that the human imagination knows no time barriers.

Thus, Ontario Senior Citizens' Week is designed to establish better channels of communications between young and old; to emphasize that 'Junior Citizen' need 'Senior Citizens'; that pensioners are a great resource of talent, experience and wisdom which can be most helpful to businessmen, families and children.

Finally, we wish to emphasize that in order to prepare for years of leisure activity in retirement, it is essential that working men and women prepare for their retirement 10 or 15 years prior to the actual day they receive their first pension cheque.

Many Senior Citizens, who worked for years to achieve a good life in retirement, are now working even harder to help us learn how to truly enjoy life and how to live. The

good work achieved by these older people benefits the entire community. And we want people made aware of this fact.'

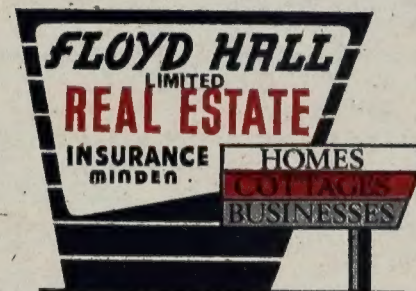

It is hoped of all who have co-operated in the activities for Senior Citizens during their week that something of this has been accomplished throughout the whole country.

The residents, staff and administration at Hyland Crest appreciate the help that has been received in bringing the attention of the Community to the efforts being made continually for the welfare of our elder citizens.

A Report on the various activities at Hyland Crest is being made by a representative of the Resident Council.

Mr. J. Czenich, Manager, Haliburton branch Canadian Bank of Commerce, after presenting awards to students of Business and Commerce graduating class, 1972 of Haliburton Highlands Secondary School, stands with producers of 'More Facts and Legends of Haliburton County.' In the picture back row left to right Shirley Fritshaw, Kim McElwain, Cindy Kellett, Liz Hogg, Connie Schofield. Second row: Julie Moore, Lynn Graham, Debbie Macduff, Sharon Voicey, Lori Sims, Sharon Woolcott. Front row: Debbie Peacock, Shannon Hughes, John Czenich, Joan Bacon, Jackie Nunn. (absent Sue Mitchell).

CANNING LAKE

3 Bedroom Cottage, living room, kitchen, 1-pc. bath, sink. Fully furnished on 100 ft. nicely wooded lakeshore lot. \$11,000 with \$3,000 down.

BAT LAKE

100 x 221 ft. nicely wooded lot, all brushed and ready to build on very good access. \$3,950.

LISTINGS INVITED

HERE AND THERE

with Fenwick Finch

Every once in awhile I get an inquiry about a little poem I had in the column some time ago. It apparently made quite an impression. I've looked in my files for it but I've put it away so carefully that I haven't been able to find it.

Now, I have the poem and here's how it happened. We were down in Lindsay visiting Mrs. Ed (Kit) Harding. Her many friends will be glad to hear that she is back home again and was recovering quite nicely. However, she ran into some bad luck and she is now back in bed with a severe attack of pneumonia. During our conversation Mrs. Harding brought out this little poem she had saved and wondered if I'd put it in the column — it turned out to be the one everyone has been asking for.

I think the poem has a lot of merit and I know we are all at fault in this respect — we don't visit our old friends often enough — we neither have the time nor the inclination or things just don't seem to fall into place, we pass up visiting. Then, suddenly we decide to make the visit and we know the saddening fact. "Around the corner. — a vanished friend."

This poem was one of many that the late "Mac" MacCallum, merchant tailor in Fenelon Falls, had printed on cards and gave out to his many customers.

Around the corner I have a friend,
In this great city that has no end;
Yet days go by and weeks rush on,
And ere I know it a year has gone.
And I never see my friend's face,
For life is a swift and terrible race.
He knows I like him just as well
As in the days when I rang his bell
and he rang mine.

We were younger then;
And now we are busy tired men —
Tired of playing a foolish game;
Tired of trying to make a name.
"Tomorrow," I say, I'll call on Jim,
Just to show I'm thinking of him.

But tomorrow comes and tomorrow goes
And the distance between us grows and grows,
Around the corner! — yet miles away;
"Here's a telegram, Sir,
Jim died today."
And that's what we get and deserve in the end,
"Around the corner — a vanished friend,"

Let's try to improve ourselves and visit a bit more,
the time expended will be well worth it.

* * * *

Next week you'll have a new columnist — Earl Monahan is here from Rochester, N.Y. and he's promised to give me a hand.

Drive carefully so's you'll be around to enjoy his column — he writes real good.

Fenwick

REPORT FROM GLEN HODGSON M.P.P.

I would like to give a brief status report on a number of the programs announced in the Throne Speech last February.

The Omnibus Bill to reorganize Government structure, based on the Royal Assent last April, and the Cronyn Committee Reports on automatic Delta processing and human resource utilization have been published.

Bills have been introduced to implement plans for regional governments in Sudbury and Kitchener-Waterloo, and the Bill to reform Municipal Election Procedures is now at the committee stage in the House.

Two education Bills which were before the Social Development Committee of the House, one of them dealing with reform of the Ontario School Record System, and the other allowing school boards and Municipalities to share in developing facilities for both school and community use are now ready for Third Reading.

Legislation to implement the Grange Report on Hospital Privileges will be introduced this week, thus providing appeal mechanism for physicians who are refused hospital courtesy privileges. Legislation to provide insured services in nursing homes and homes for the aged was given Royal Assent in April and May.

Legislation will be forthcoming, on other matters mentioned in the Throne Speech requiring Legislation; and on other matters where studies were called for, studies are underway.

As promised last October,

SCHOOL TRIP

On Friday, June 9th, 1972, the children in Mrs. Dollo's Grade Four, Miss Pullings's Grade Two, and Mrs. Newton's Grade One and Two went on an educational trip to visit the Ontario Zoological Park at Wasaga Beach and the Springwater Provincial Park at Barrie.

Four teachers and 10 mothers accompanied the 97 children to insure that each child would have a safe and happy day. The following stories, written by the pupils in Mrs. Newton's Grade One and Two class describe some of the highlights of the trip.

OUR SCHOOL TRIP

We left the school at 9 o'clock in the morning with the Grade 2, grade 4, and the other grade 2. We travelled and travelled until we got to Wasaga Beach. The beach was on Georgian Bay. Then we went to the Zoological Park. We got with our leaders and I had Mrs. Kimble for a leader. As soon as Mrs. Newton paid the way in we went and ate. From where we were sitting we saw

some owls and swans. Then we went all around. We came to a hippopotamus. Then we came to some birds. We had to be real quiet. Then we went to Spring water Park. We got off the bus and got with our leaders again. We went all around the Park. Then we went to the souvenir shop. From there Mrs. Newton made a phone call to A and W. She ordered 66 happy hamburgers, 5 Mama hamburgers, 98 orders of chips, 31 hot-dogs, 2 gallons of orange and 5 gallons of Root beer. As soon as we finished super we started home again. We dropped Pat off and Kevin H off. It was raining. Our mothers waited for us at the school. Then all of us went home. It was 25 to 8 when I got home.

by Jennifer Baker Grade 2
We left the school at 9. When we got there we had our lunch. We went to the Ontario Zoological Park. There were two elephants. I saw a red deer. We went to spring water park. I saw a beaver and I saw a deer. Mrs. Newton's ordered some hamburgers and hotdogs for our supper. We had fun.

MARTHA GROUP MEET

On Tuesday evening June 20th the Martha Group of the Minden U.C.W. held their last meeting of the Spring season in the Church Hall where some 25 ladies enjoyed an evening of Court Whist and Croquinole. The winners at Court Whist were Jean Taylor and Charl-

by Cathy Howe, Grade 1

Our trip was on June 9th. We went to meet our leader and when we were all on the bus we took off. When we were at the Zoological Park we went to see the animals and I saw the snow goose, red deer, the lion, squirrel monkey and the swans. Then we went to get on the bus. We went to Spring Water park. When we got to Springwater park we went to see the animals. I saw the white tail deer, gold fish 3 kinds of frogs, ducks and ducklings, swan, skunk, and a beaver. Then we went to A and W for our supper. I liked the root beer and hamburgers too.

Lorraine Carpenter Grade 2

otte O'Neill and at Croquinole Lenore Prentice and Bertha Hughes. The winner of the special prize was Ethel McLennan. During the lunch period a short business meeting was held. A very delicious lunch of Strawberry shortcake and tea was served by the hostesses, at the conclusion of which a presentation was made to Mrs. McLennan who is leaving Minden the end of June; after this the ladies all joined hands and sang Auld Lang Syne as a good-bye to Ethel.

GOOD P R !

Good Public Relations is the name of the game for a community like Minden and a County like ours here in Haliburton. This is a must when we consider ourselves a tourist Region, and we

expect to promote business from the travelling public in our area.

This weekend brings an influx of a great many tourists — kicking off the summer season for another year. It is vitally important these people receive a friendly warm welcome, get good service — and a "won't you all come back real soon", send off. It is without saying, they should receive good merchandise at a fair price.

Equally important in an area like ours, other than a friendly hello and thank you, is the beautification of our village and county. If people are impressed with what they see they will come back — if they are not impressed, they will just remember.

Looking around at a few businesses in town — over the bridge on our main street, and on the By-pass, we are quite depressed to say the least, with some of the junk yards staring us in the face. Council members claim there are no by-laws to make people keep their place of business in good order. If this is the case Council should see to it very soon, there are by-laws to cover this type of poor PR for Minden.

I am sure it would be to the benefit of every business to have the By-law Enforcing Officer keep an eye on everyone so that some kind of order and tidiness would prevail. It is extremely unfair for business people who do keep a tidy shop to have some sloppy sole run wild and ruin the hole image of the community.

Another item that should be corrected is the long grass growing along the South River Road, on the bank of the River. Minden has made great strides this past winter on improving the River Bank across from our Main Street, this shouldn't be spoiled by grass allowed to grow five feet high along the River Road. The Gull River is one of Minden's greatest assets — it should be looked after.

While we are on the subject of PR, the Chamber of Commerce this year has been quite active in this Direction. Marion Arntfield has recently been hired on as full-time Secretary-Manager, until such times the Directors feel more help is needed. Marion has been in Public Relations for many years, and has been doing a good job at the Chamber office.

This week the Directors will meet to discuss the feasibility of bringing in a professional promoter, "Rays Associates" to do a PR job for the County. This could be a good idea, and might work, paying great dividends, on the other hand, the Directors will have to decide whether this County is ready for such a scheme. From where we sit, the Chamber is taking big strides this year, in the field of Public Relations.

Public Relations is everyones business, not just those in business — we have a great area, one of the finest in Ontario, we can be proud of it — lets not let a few destroy our image. PR on one hand is like pollution on the other, we must be aware of it all the time and guard against a deterioration, so our future will be bright and prosperous.

HALIBURTON BOOSTER ARRIVES FOR HOLIDAY

Earl T. Monahan, Rochester, N.Y., writer and director of public relations for Howard's Express, Inc., is in Haliburton County for his 22nd consecutive season.

He is accompanied by his 11 year old granddaughter, Kathy Monahan, of Irondequoit, N.Y. already a veteran visitor to the Highlands with several holidays to her credit.

Earl is booked into Hospitality Inn at Minden the week of June 24 - July 1, and Deer Lodge at Haliburton, the following week, carefully maintaining his neutrality in the two towns.

During the past year Mr. Monahan featured Deer Lodge and the Haliburton area in an article in Transportation Hi-Lites in the States. Hospitality Inn's new widely distributed tabloid this season contains a column by Mr. Monahan under the title, 'The Old Settler', detailing experiences here.

The current issue of Transportation Hi-Lites carries a laudatory letter-to-the-editor concerning the Rochester writer's efforts on behalf of Haliburton County by Norman Maidens, columnist for Minden Progress.

SOFTBALL TIP OF THE WEEK

A FOUL TIP

A foul tip is a ball batted by the batsman while standing within the lines of his position, that goes sharp and direct from the bat to the catcher's hands and legally caught. But the batter is not out except on the third strike.

If not caught it is simply a foul. If caught a foul tip is simply a strike; and the base runners may advance at their own risk.

Minor Softball Executive

County Executive — President, Larry Scott; Vice-President Gerald Bain; Secretary-Treasurer Brian Good.

Minden Executive — President Al Greir; Vice-President Richard Parisotto; Secretary-Treasurer Larry Scott; Directors Dwight Thomas, Gerald Hicks, Roy Bishop.

Haliburton Executive — President Brian Good; Vice-President Don Lloyd, Secretary-Treasurer Lenny Salvatori.

West Guilford — Gerald Bain and Wilberforce Keith Tallman.

Upsets Mark Senior Softball

This past week was a week of unexpected upsets, causing the league standings to tighten considerably.

Thursday evening in Irondale, the Flyers downed the visiting West Guilford Redmen 7 - 2. The Redmen were in first place with a 6 - 1 record while the Flyers were in last place with a record of 1 - 6 - 1. They then defeated the red-hot Raiders 4 - 2 on Sunday in Irondale. These two wins gave the Flyers a tie with Haliburton for fourth place.

The Minden - Guilford game on Sunday was a big one for the Merchants, as they needed a win to move into a first place tie with the Redmen. They did just that, as they came home with a 5 - 1 triumph. Incidentally the Merchants won this game without Neil Burk or Bob Austin, in the line-up. Bill Deverieux hit his 1st homer of the season.

The biggest game of last week has to be the one between the Stedman Raiders and the Merchants. The Raiders pounded out 22 hits in this game and trounced the defending champions 14 - 4. The Merchants helped the Raiders in every way possible by committing about the same number of errors. This is the worst beating the Minden Merchants have suffered in some eight years.

Mark Schell was the winner in this game, while Jack Snell took the loss.

I heard yesterday that the West Guilford team has filled in the pitchers mound. I guess my column last week brought this crater to their attention. Now if they would drag the infield, they would have a pretty fair field.

Now if we can get the Minden teams to fix up their backstop and pitchers mound as well, they too would have a good safe field.

Would the coaches or managers of the Minden minor softball teams please make sure that I get the scores of all their games for this column. Phone 286-1318, if the writer is not in, leave the message.

CALL COLLECT

W.I. HOLD PICNIC MEETING

The Members of the Women's Institute celebrated the 75th Anniversary of the Federated Womens Institutes of Ontario by a picnic at the home of Mrs. Robert Hughes on the rainy afternoon of June 21st. The ladies were asked to invite guests and as a result some 35 ladies enjoyed the hospitality of Mrs. Hughes. The Pres. Mrs. P. Clarke opened the meeting and the Roll Call was answered by each member revealing who her Secret Pal for the past year had been and this proved very hilarious. Mrs. Clarke then welcomed all the guests and hoped they would enjoy the picnic meeting.

Those ladies who wished a Secret Pal for 1972-73 then drew the name of her pal.

Mrs. D. Prentice gave the report that she had sent a total of 29 cards since the May meeting. The President asked for homes for the meetings for the ensuing year and an executive meeting will be held on June 28th at the home of Mrs. H. Welch to draw up the programmes. A letter from Mrs. Ed Harding was read and the ladies were all pleased to learn that she was able to leave the hospital and complete her recovery at home.

Mrs. V. Cowan gave a very detailed and interesting report on the District Annual which had been held in Fenelon Falls United Church on May 25th. Mrs. Morgan Prentice won the draw of a miniature lamp. The meeting closed with God Save The Queen and Institute grace and the ladies then enjoyed the Pot luck buffet style lunch.

**WOLF BOUNTY NOT
CANCELLED YET**

Despite the announcement by the Hon. Darcy McKeough that the wolf bounty would be terminated, payment is still being made, according to Gerald B. McKeating, Executive Director of the Federation of Ontario Naturalists.

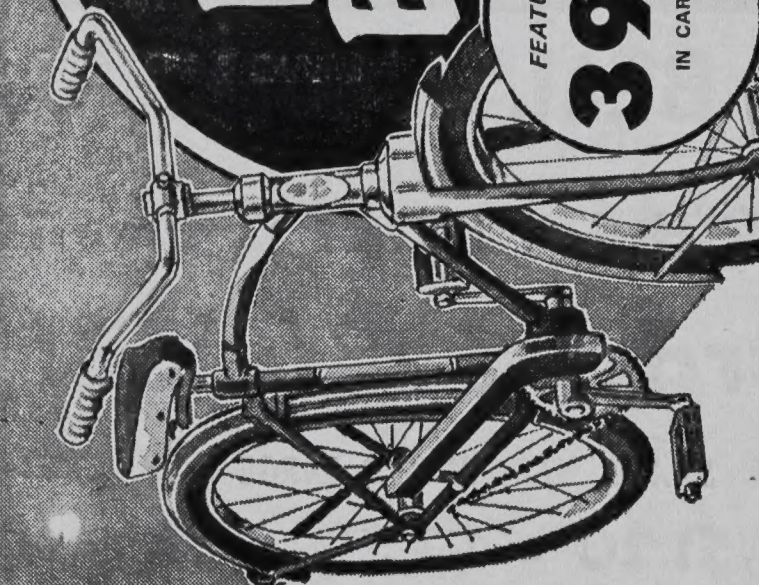

According to McKeating legislation must be passed to repeal the Wolf and Bear Bounty Act before the bounty is officially cancelled. 'Despite assurances by the Ministry of Natural Resources that legislation would be introduced during this session, the bill has not as yet appeared,' he stated. The reason for the delay is reported to be opposition from within the P.C. caucus.

McKeating claimed that many interested citizens in Ontario are under the impression that the wolf bounty is cancelled, but such is not the case. 'The ethical question of a government subsidizing the widespread killing of any animal, especially a socially developed and intelligent animal like a wolf or a coyote can no longer be ignored. The bounty, long discredited as a management tool by informed biologists, also fosters a completely negative image towards this species which becomes more and more fascinating to man as research unlocks the truth of its existence. Most biologists hold the view that if man is to escape environmental disaster, he must recognize that he is part of nature rather than above nature.'

The bounty system therefore, discredited as a valid management tool, and repugnant to the ethics of those individuals who have a deep regard for wildlife, must be repealed. It is imperative that the Provincial Government take this opportunity to give substance to its stated intentions and repeal the Wolf and Bear Bounty Act.'

Here's a 5¢ coupon towards making the best jam in the county.

It's so easy with Certo*, the natural fruit pectin.

Certo makes your jams, jellies and preserves taste so much better, because you boil for only one minute. It's good to know the fruit's fresh flavour doesn't get boiled away. You can also get a bigger yield and a perfect set.

Get a good start on the season. Clip the coupon and buy your Certo now.

5¢

FZ

**Save 5¢ on the purchase of
one package or bottle of
Certo pectin when you give this
coupon to your dealer.**

MR DEALER General Foods, Limited will redeem this coupon for the face value plus 3¢ for handling provided you receive it from your customer according to the terms of the coupon offer. Any other application constitutes fraud. Failure to provide, on request, evidence satisfactory to General Foods, Limited that you have complied with such terms, will void coupon. All coupons submitted for redemption become the property of General Foods, Limited. For redemption mail to: General Foods, Limited, P.O. Box 3000, Saint John, N.B.

ABOUT THE TOWN

With Jeanne Sears

Mrs. Wm. Lilley of Norland was again lucky at the Rotary Bingo taking the Mini Jackpot of \$100 in 59 numbers.

The aftermath of Hurricane Agnes was terrible leaving three of the United States in ruin; however the water is receding quickly but still many persons lost all their property.

Wedding Bells were ringing over the weekend with congratulations going to Mr. and Mrs. Walter A. Reed (nee Susan Young) to Mr. and Mrs. James Hill (nee Vicky Stevenson) and to Mr. and Mrs. Albert Carpenter (nee Judy Harrison).

This has been declared Canada Week by the Prime Minister, a time to have flags flying and celebrations in many places. The First of July was at one time a very busy "fun day" but everyone seems too busy in our time to have a celebration. The Canoe Race is now included with the Rotary Carnival near the end of July.

This is a good time to check the Library Books you may have at home. This has already been done at High and Public Schools so do the same for your Branch Public Library so these books may be back on the shelves for summer readers.

The Community is losing an elderly couple, Ethel and Dunan McLennan. Hope you keep both well and happy in your new apartment in Scarborough.

Guests with the Larry McKenzies for the next six weeks are his mother Clair McKenzie and his aunt Mollie Mortimer who are here from near Manchester England.

Some of the residents of Hyland Crest celebrated birthdays this month with good wishes going to Violet Earle, Catherine Coster, Lillian Langford, Ada Lewis, George Kellett, Frank Simms, Bruce Simms, Carl Stevens and Pierre St. Pierre.

Anyone for a Trudeau haircut — Long on the ends and bald on top. Seen in Toronto Daily Star.

Public School will be out this week and students will be working or playing, soon the Red Cross Swimming Classes begin and everyone has a chance to learn both to swim and also learn rules of safety.

Now Ontario has a rotating Hydro Strike, but service is to be continued. Last week in the wind storm the superintendent and another worker were out at night to restore power to one section in the village as a tree came down on a hydro line.

A tentative truce in Ireland but still some deaths as snipers take shots on both side; wonder if this will ever end?

Mrs. L. Dawson is away for a three week holiday with the Jim Dawsons at Ottawa. An old friend, Mrs. C. Mullins and a friend, will also join her for part of this time.

Lots of rain last week but it is supposed to be hot the next few days, be careful driving now that school is out and the summer crowd is in our area.

Cheerio until next week.

TOWNSHIP OF STANHOPE

All members present at the Council meeting June 7, 1972.

Moved by Jim Harrison seconded by Ken Whitney that the Clerk contact Greer and Gallows, regarding the heave south of bridge, contact no. 69-G-426 advising that the Municipality considers this as part of the original contract, and also that approaches to private entrances be brought to the reasonable satisfaction of everyone involved.

Moved by J. Elder seconded by Elvin Johnson be it resolved the Clerk be authorized to order the Ontario Statute Citor from the Canada Law Book Limited. Carried.

Moved by Jim Harrison seconded by Elvin Johnson that the Clerk be authorized to order the Ontario Statute Cita-

tor from the Canada Law Book Limited. Carried.

Moved by Jim Harrison seconded by Ken Whitney that the Clerk be authorized to issue a cheque for 25.00 to the West Guilford Recreation Committee. Carried.

Moved by J. Elder seconded by Elvin Johnson that the Clerk contact the Department of Transportation and Communications requesting approval to place a sign near highway 35 on the Concession line between pt. lot 11, con 6 and pt. lot 11, con 7, Township of Stanhope. Carried.

Moved by J. Elder seconded by Jim Harrison that the Clerk contact the Ministry of Transportation and Communications commending Mr. R.B. Allison for the services he has given

to this Township in the past, during his working day and also in the evenings. Council would like to recommend that Mr. Allison's office workload be eased to allow him more free time during his working day to accommodate Municipalities in his area. Carried.

Moved by Elvin Johnson seconded by Jim Harrison that the Clerk contact the Department of Transportation and Communications requesting a sign be placed near hwy 35 designating Buttermilk Falls and also a sign at the Hawk Lake Road and Hwy35 giving directions to the Hawk Valley Park. Carried.

Moved by Jim Harrison seconded by Ken Whitney that the Road Superintendent contact Royal Paving and Fowler Construction requesting a price per yard on Cold Mix, which would be picked up by the Municipality. Carried.

Moved by Jim Harrison seconded by Ken Whitney that the Clerk be authorized to contact the Crown re: part Lot 14 Con 6 requesting approximately 5 acres of land to be used as a Lookout Park and Picnic area. Carried.

Moved by J. Elder seconded by Jim Harrison that Provincial Municipal Incentive Expenses totalling \$1514.50 be allowed for payment. Carried.

Moved by J. Elder seconded by Jim Harrison that the General Accounts totalling \$2,230.65, May Welfare \$192.95 and Road Voucher no. 5 amounting to \$5,701.32 be allowed for payment. Carried.

Moved by J. Elder seconded by Elvin Johnson that Bill Rattu be authorized to maintain the Pine Springs Dump for the season ending on October 16, 1972. Carried.

LET'S TALK ABOUT YOUR COMMUNITY

On June 1, Provincial Treasurer Darcy McKeough released a report called "Prospects for the Lake Ontario Region". The Report was the Ontario Government's analysis of the development problems and growth potentials for this Region and your community.

Mr. McKeough asked for your views on how we should plan the social and economic future of the Region.

We'd like to know what you think.

Government representatives will be available to discuss your ideas at a series of Public Meetings being held for your convenience.

PICTON:	Thursday, July 6 St. Mary Magdelene Anglican Church, Main Street
HALIBURTON:	Tuesday, July 18 Highland Secondary School
PETERBOROUGH:	Thursday, July 20 Thomas A. Stewart Secondary School, Armour Rd.
BELLEVILLE:	Tuesday, July 25 Belleville Collegiate Institute, John St.

All meetings will start at 7:30 p.m. Refreshments will be served.

IMPROVED SUMMER BUS SERVICE

Algar Coach Lines Limited today released the Summer Bus Schedule for 1972.

This indicates improved, faster and more convenient schedules for residents and visitors to the Haliburton Highlands. The number of 'Thru Coach' trips has been increased to four trips each weekend. The 'thru coach' services provide direct service between the Haliburton Highlands and Toronto in both directions without changing buses in Lindsay. This service which was introduced originally in December 1971 by Algar Coach Lines Limited in cooperation with Trailways of Canada has been well received by those utilizing this service.

The new schedule provides daily service, southbound in the morning, returning in the afternoon with two return trips

scheduled on Fridays and three return trips operating on Saturdays.

With the 1972 summer schedule, Algar Coach Lines are introducing a return trip which will operate on Saturdays only between Lindsay and Huntsville, leaving Lindsay at 11:00 a.m. arriving in Minden at 12:15 p.m. and in Huntsville at 1:45 p.m. The return trip will return from Huntsville at 3:20 p.m. arriving in Minden at 4:45 p.m. and in Lindsay with service to and from Toronto, North Bay and points north and west of North Bay.

Algar Coach Lines Ltd. has appointed an Agency in both Haliburton and Minden in order to further improve their service to customers. These Agencies are located at Highland Shoe Store in Haliburton and Minden Texaco Centre in Minden. Customers may purchase tickets, obtain information, receive and ship parcel

CAR HITS POLE

A Minden man escaped injury on Wednesday when his car struck a hydro pole and sustained \$1,000 damage.

Police said Norman W. Oake of Hunter St. was travelling north on Highway 35 at Gull River when a wheel on his car dropped off the edge of the pavement to the shoulder. When he attempted to bring the car back on the road, it crossed the pavement, entered the west ditch and hit the pole.

express at these locations.

It is suggested that customers may pick-up detailed summer schedule at either of these Agencies or clip and save the schedule which appears elsewhere in this paper.

Crappie Time Is Here

To an "uneducated" listener, the statement that "you'd better not horse ol'e paper-mouth or he'll get away" is a lot of nonsense. But avid crappie fishermen all over the country will know what's being said: The thin tissue making up a crappie's mouth requires dexterity and ease when landing the fish.

Crappie are one of the most plentiful game fish found in lakes and streams throughout America, and — happily — they're also rated tops as table fare. Of interest to anglers is some on-the-water research by Red Fisher, the fishing expert at Mercury outboards indicating that the next few weeks could provide the best crappie fishing of the year.

Biologists have shown that the last few weeks of spring and the first week or so of summer is an excellent crappie fishing time. This period comes just before the crappie spawning season, when fishing success will dip until cool weather arrives in fall.

During the pre-spawning period crappie tend to concentrate near the mouths of small creeks and streams, along banks with overhanging trees (feeding on insects falling into the water), and generally in areas where the water is undisturbed by wind action.

Most experienced crappie fishermen use a boat. Rigging two or three cane poles with minnows (less than two inches long, and lightly hooked through the skin behind the dorsal fin), they set the bobbers so the baits will be at different levels beneath the surface. Then they slowly work along shore and around rock points, seeking underwater debris that provides shelter, and generally staying within 50 feet of shore.

Fly fishermen can have a lot of fun fishing for crappie with both dry and wet flies. For surface fishing, use tactics similar to those employed for trout. Dry flies normally used for other panfish are suitable. Wet flies should imitate minnows. Best periods of day for fly fishing are early morning and from dusk to sunset. Another thing to remember is that when crappie are actively feeding on the surface, you will usually be able to see them.

MINDEN FAIR AUGUST 26-27

If you have been following the advertisements on the Minden Fair in this paper, you will have noticed we've talked about horses and horse events, our Queen Contest and the international stunt drivers. This is the week we mention classes for other animals.

In the cattle section, we have classes available for Aberdeen-Angus, Charlois, Durham Hereford, and Holstein. Purebred bulls and purebred cows and heifers are judged under a variety of categories. There are classes for Grade and Cross Beef and Dairy Grades. Special prizes go to the 'Best Beef Herd, Best Dairy Herd, Best Fat Cow and Best Bull.'

Sheep are judged in Leicester, Suffolk, Oxford, Shropshire and Cheviot classes. There are special divisions to include such entries as an 'Aged Ram', a Shearing Ram and 'Ewes.'

Classes for pigs include Yorkshire, Landrace, Berkshire and Tamworth. Special classes are available for the 'Sow with best litter,' and 'most points in pigs.'

First prizes range from \$10. in the cattle section, down to \$3.00 and \$4.00 in the Pig and Sheey sections.

REPORT FROM GLEN HODGSON M.P.P. (Continued from page 2)

the Government has expanded the Municipal Employment Incentive Grant Program from \$7.5 million to \$35 million, and the money has been voted for a \$10 million program to build day nurseries for 4,000 children.

I am pleased to report that the Ministry of Agriculture and Food is continuing to expand the sales of Ontario-grown agricultural and food products, and that these efforts have been assisted by Ontario Trade Missions and offices abroad.

In regard to the environmental matters, an agreement between Canada and the United

States to clean up the Great Lakes was signed last April. Ontario has signed a previous agreement with Ottawa, authorizing the Federal Government to act on Ontario's behalf, and our role in implementation is proceeding.

A Task Force on Litter, with representatives from Government, Industry and Citizen groups is investigating means by which to combat this problem; and a student program is in progress to locate abandoned automobiles and seek co-operation in having them removed.

The sum of \$1 million was

included in the estimates of the Ministry of Natural Resources this year for the mineral exploration assistance program to encourage mining exploration in Northern Ontario.

In anticipation of Canada eventually converting to the metric system of measurement, the Ontario Government has established a metric conversion office in the Standards Design and Innovation Branch of the Ministry of Industry and Tourism. International standards and specifications are also receiving attention within the Metric Conversion Office.
